

Calm. Tranquil. Restful  
Welcome to The iRest Experience™

**NO, YOU DON'T NEED TO GO TO THE SPA OR A RETREAT.**

**Discover serenity right in your home or workplace!**

We live in very stressful times. Even a simple commute from home to office induces high levels of stress due to traffic jams, pollution and incidents of road rage. Add to that performance anxiety, ruthless competition in every sphere, professional and personal issues and it is easy to see why everybody is constantly looking at “getting away” from it all.

Here's news. You don't have to go anywhere to de-stress.

iRest invites you to find an oasis of peace right in your home or workplace!

**iRest. Towards a healthy you...**

Research has shown that 80% of illness is stress-related. At iRest, we have made it our business to make Indians feel healthy by kneading, flapping and knocking the stress out of you, with a range of world-class massage chairs, massage beds, massage pillows, hand-held massagers, foot massagers, car massage seats and more! These top-notch massage solutions will relax you and drive the stress away.

**...And a healthier world!**

Even as we help rejuvenate you, we are also actively involved in helping build a healthier world, with our range of energy-efficient **Air Source Water Heaters**. Unlike conventional water heaters that use fast-depleting fossil fuels, our Air Source Water Heaters use ambient temperature to heat water, without harming the environment in any way. Compact, efficient even in cloudy conditions and ideal for both domestic and industrial applications, our Air Source Water Heaters help our valued customers save significantly on their electricity bill, month after month!

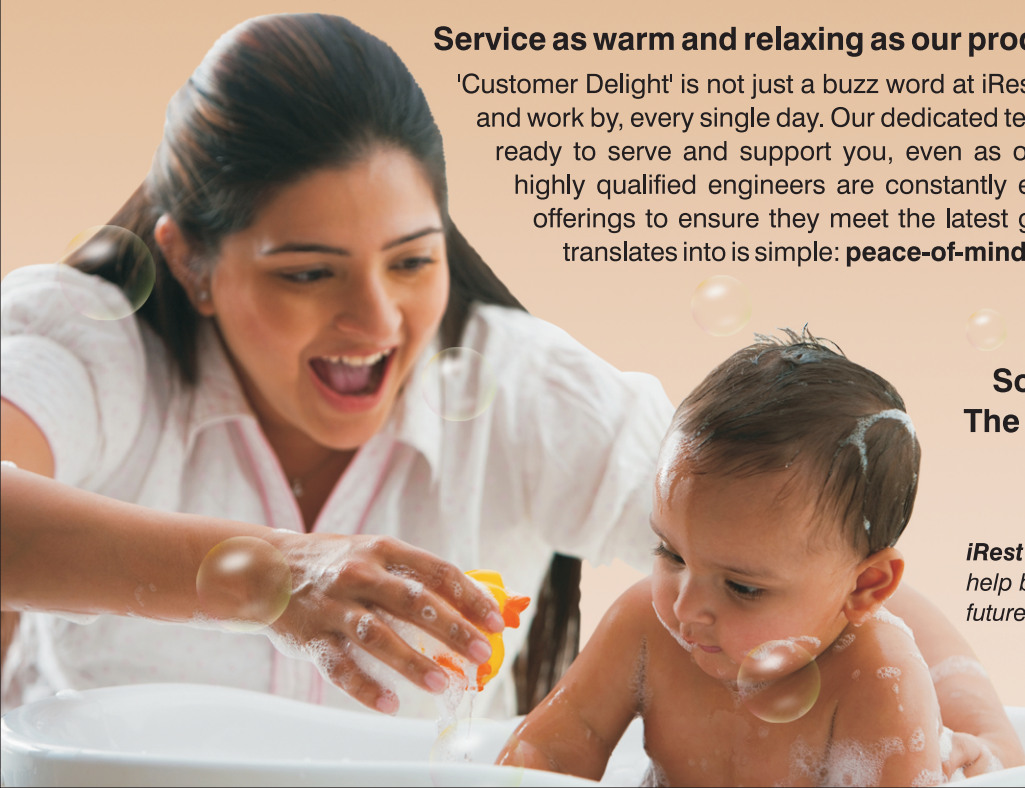

**Service as warm and relaxing as our products!**

'Customer Delight' is not just a buzz word at iRest but a philosophy that we live and work by, every single day. Our dedicated team of professionals are always ready to serve and support you, even as our technical team comprising highly qualified engineers are constantly evaluating and monitoring our offerings to ensure they meet the latest global standards. What all this translates into is simple: **peace-of-mind!**

**So are you ready for  
The iRest Experience™?**

***iRest Air Source Water Heaters**  
help build a healthier world for  
future generations!*

**iREST**  
A HEALTHY YOU & A HEALTHIER WORLD
