

The logo for Micrologic, featuring the word "Micrologic" in a stylized, italicized blue font. The background of the entire slide is dark with a grid of glowing squares and a large, glowing sphere in the center.

Micrologic

2015 International year of *Light*

Light not just illuminates, but creates safer and healthier environs for us. It slays shadows, drives away fears, brightens our surroundings, transforms our lives.

The UN has declared 2015 as the **International Year of Light and Light-based Technologies** to increase global awareness on the crucial role played by light-based technologies to promote sustainable development.

Light - magical and mystical - is also the inspiration for this calendar. May 2015 be filled with light for you!
